

GCSE update

We want to wish our GCSE students luck with their revision over the coming weeks – please see an update on exam dates below:

12th May – Biology (PM)
14th May – Maths (AM)
21st May – English (AM)

3rd June – Maths (AM)
5th June – English (AM)
8th June – Biology (AM)
10th June – Maths (AM)

Shelton update

Students have enjoyed a range of visits and activities in Science, created their own masks in Art, developed their cooking skills in Life Skills, and work on their aim during Nerf wars in PE sessions. We hope that you all have an amazing Easter break – stay safe!

Porthill update

This half term at EPP has been filled with enriching experiences. Students have explored Biddulph Grange Gardens, visited Stafford Castle, observed aircraft at Manchester Airport, and engaged in train spotting in Crewe.

Our World Book Day celebrations included themed activities such as potion-making, Quidditch practice, and tea leaf reading, all inspired by magical literature.

Our topic focus has been Modern Europe. We've tasted the flavours of Spain, taken inspiration from French artists to create our own pointillism masterpieces, climbed the heights of Mount Vesuvius through our learning, and used our map skills to construct our very own models of Europe.

We have worked on communication in all its forms—through body language, verbal expression, and non-verbal signals. These skills have helped us work collaboratively, support one another, and build positive, meaningful relationships.
